PROFESSIONAL SUMMARY

Experienced CAD Designer and Cabinetmaker with over 15 years of hands-on experience in furniture manufacturing, drafting, and production documentation.

Skilled in Microvellum, AutoCAD, and CNC optimization, creating precise shop drawings and detailed cut lists for kitchens, offices, and commercial interiors.

Strong understanding of the full production process — from drafting and breakdowns to installation — practical understanding of how each design performs in real production.

Known for accuracy, efficiency, and a practical approach to solving design and production challenges, ensuring smooth manufacturing and installation.

Open to remote opportunities worldwide.

Employment

Microvellum Software draftsman

"ISQE" LLC

Sep 2024- Present

- Prepare detailed CAD and Microvellum drawings for custom furniture and interiors.
- Review markups, verify dimensions, and ensure drawing accuracy for CNC production.
- Coordinate directly with workshops and installation teams to resolve design conflicts.
- Conduct site visits for measurements and design validation.
- Research and test 3D modeling tools to improve drafting efficiency.

Cabinetmaker and Draftsman

"ISQE" LLC

May 2018 - Sep 2024

- Designed and produced detailed cabinet layouts using Microvellum.
- Created accurate cut lists and BOMs for shop fabrication.
- Supported manufacturing with precise CNC-ready documentation.
- Built and assembled high-quality furniture pieces according to custom specifications.
